Grading Criteria Overview

less

There are a total of **50** points possible for this final project. Your final assignment will be graded by your peers who are also completing this assignment.

The main grading criteria will be:

- Have you uploaded the template presentation in pdf format?

- Have you filled up the Title slide with relevant information?

- Have you filled up the Executive Summary slide?

- Have you filled up the Methodology slide?

- Have you used the correct visualizations?

- Have you included the screenshots of the dashboard you created in Module 5?

- Have you titled the charts correctly?

- Have you filled up the findings & implications?

- Have you used the appendix slide to include data collected from other sources?

- Have you used your creativity to improve the presentation beyond the template?

- Have you given any value additions?

- Have you displayed any innovative ideas?

You will not be judged on:

- Your English language, including spelling or grammatical mistakes.

- The content of any text or image(s) or where a link is hyperlinked to.

To submit your assignment, click on the "My Submissions" Tab at the top of this page.
